

Hello, I'm Annette. Our company has been serving businesses like yours across America since 1992.

As your KustomerKeeper service coordinator, you can trust me to make sure your callers are connected, listening, and learning about your company with highly personalized messages and music. Just like your company logo, your business card, and your slogan, your KustomerKeeper presents a seamless representation of your brand.

We do all of this for you at your request. Your KustomerKeeper recordings are created with clarity and precision based on our consultation. Script writing, vocal talent, studio production and the highest level of digital mastering and dubbing are all included with your service subscription. You can even receive our fully-compatible KustomerKeeper external digital player, if needed for your phone system at no additional charge.

- **You get a reminder when it is time to change your recording.**
- **You get free shipping on any equipment you need from us.**
- **Your recording is monitored regularly to be sure your recording is up to date.**
- **You can call us toll-free 24/7 for our free help desk support.**
- **Your recording comes with a "No Fault" 10-day guarantee.**
- **If something happens to your recording you get an emergency replacement.**
- **Your active service plan includes a KustomerKeeper digital player, if needed.**
- **You get a holiday version of your recording automatically as a bonus.**

Your connection with your callers is what matters most. This is your moment to make your point. Confirm with them that you can be trusted to deliver everything they have seen and heard in all of your other advertising. That's really what they want to know.

1. Select your plan

How often do you need to update your message?

Plan	Updates
Economy	1
Basic	2
Standard	4
Executive	6
Retailer	Unlimited

KustomerKeeper offers five different levels of service to accommodate your marketing strategy. Choose the plan that best fits your needs.

Professional services are usually well served with one or two updates per year. Medical facilities, associations need to update more often. The Executive or Retailer plan will be the right choice for more aggressive marketing plans.

2. Decide if you need an external player

This depends on the telephone equipment you have.

Many phone systems can store your **KustomerKeeper** recording as an audio file within the on-hold programming. We provide exactly the type of audio file required.

For phone systems that need an external player, our player will work with any system, including VOIP systems, and even most 4-line phones. Consult your phone technician to be certain.

Best of all, if you change systems, you won't have to

worry about it being

compatible. Your **KustomerKeeper** will adapt accordingly.

Once you have determined the type of phones you are using now, simply indicate that with your order. We'll

take care of the rest. Your fully-digital, specialized

KustomerKeeper player is provided as part of your service at no additional charge.

3. Choose your terms

Which payment option is right for you?

With one phone call, you can have **KustomerKeeper** on it's way to you. Choose the payment option that fits you best. You can pay quarterly, annually, or select our 36-month plan and get your **KustomerKeeper** at a sizeable

discount. We accept company

checks, and major credit cards for your convenience.

Plan	Quarterly	Annually
Economy	\$139	\$495
Basic	\$149	\$595
Standard	\$199	\$695
Executive	\$249	\$795
Unlimited	\$439	\$1495
